APPROACH OF FINALE

Caused Great Increase in Court Attendance at Rennes.

CERNUSCHI ON STAND

Was Informed by a Foreign Officer That Dreyfus Was a Traitor. Other Witnesses Testify in a Sensational Way.

Rennes, Sept. 4.—The fifth week of the second trial by courtmartial of Capt. Dreyfus began today with the largest attendance yet seen in the Lycees. Interest in the trial grows as the denouement approaches. From six to 10 days are given as the outside limit for further duration of the trial. There was an exceptionally large number of ladies present, their bright costumes giving a gay look to the courtroom.

The session opened very interestingly, the first witness being M. Cernuschi. His features are unprepossessing and in fact, his general appearance did very little credit to Servian royal house, to which it is alleged, he belongs. His letter to Colonel Janauist, offered in testimony, stated that having been mixed up in the political troubles of Austria-Hungary, he was obliged to seek refuge in France, where he had a friend who was a high official in the foreign office of a central European power.

This friend, the witness said, told him there was certain foreign agents in France who might denounce him, the first named being that of Dreyfus. Another foreign officer of the foreign general staff similarly warned him. One day the witness said, when visiting the latter he saw him take from his pocket a voluminous package containing military documents. The officer said that in France one could buy anything, adding: "What good are Jews if you don't use them."

Being questioned if he asked the name of the traitor in this case, M. Cernuschi replied: "No, because the officer already said Dreyfus was the informant." This answer and the tone in which it was delivered, evoked for the moment incredulity among the audience. Major Carriere, representative of the government, asked the court to hold further examination of this witness behind closed doors, in view of the diplomatic side of the testimony.

M. Labori then arose and announced since prosecution summoned to its aid foreigners he intended to make a formal application to complete the steps taken through foreign channels to ascertain whether the documents mentioned in the bordereau were delivered to a foreign power, and if so, by whom. This announcement, which, if Colonel Janauist consents to the application, will have the most important consequences. The words of M. Labori created a deep impression as they made it evident that the counsel for the defendant was on the war path.

The second witness called was M. Andre, clerk to M. Bertulus, judge of the court of cassation, who received the confession of the late Lieutenant Colonel Henry. M. Andre deposed that he overheard Lieutenant Colonel Henry exclaim: "Don't insist I beg of you. The honor of the army must be saved before everything."

The next important witness was the well known mathematician, M. Painleve, who began by tearing M. Bertillon's system of argumentation to pieces. M. Painleve then entered upon a personal topic which quickly won him the close attention of the audience and brought on a dramatic scene which kept the spectators in a state of excitement until he finally left the bar. M. Painleve referred to his evidence before the court of cassation and protested vehemently against the version given by General Gonze in conversation in which M. Hadamard expressed his belief in the guilt of Dreyfus. "Never," explained Painleve, "did M. Hadamard doubt the innocence of his cousin."

Esterhazy's Views.

New York, Sept. 4.—A dispatch from London says that Esterhazy on being asked by a reporter, after reading the evidence given at Rennes, if he still believed Dreyfus guilty, answered: "Yes, guilty; most decidedly so. And yet I am afraid the courtmartial is going to acquit him. It looks very much like it just at present, at any rate." The interviewer asked what in that case will happen to Mercier. "Oh," replied Esterhazy, "Mercier will be certainly condemned for this miserable traitor Jew, and that will only be the beginning of the deluge. Mark my words, the acquittal of Dreyfus will be only the beginning of trouble in France." "Why, then," he was asked, "don't you, who know the truth about everything, go over to Rennes and help set things right?" "No," said Esterhazy, "I am much better over here."

Encountered Rebel Outpost.

Manila, Sept. 4.—Five men of Colonel Bell's regiment Sunday encountered a rebel outpost near Porac, and in the

fighting which ensued one American was killed and another wounded. The remainder drove the rebels from their position and captured a bull cart in which to remove the injured.

Long Overdue.

Washington, Sept. 4.—The training ship Monongahela, with 20 cadets aboard, is long overdue at Annapolis. The navy department says that no apprehensions are felt as the ship is slow.

GENERAL IDEAS.

Probable Future Course Relative to the New Dependencies.

New York, Sept. 4.—A special from Washington says there is good authority for the statement that the president returns to Washington with these general ideas uppermost in his mind as to his future course in relation to the new dependencies:

"Civil government by three commissioners to supplant military rule immediately after the rebellion is crushed.

"Continued military control till determined by means of a general election whether the inhabitants want independence or annexation. If independence, the new government elected will be recognized by the United States and will be given encouragement and every opportunity to establish its stability. If annexation, the president will be governed by the sentiment of American citizens as it may then exist.

"Civil government of the territorial form similar to that which prevails in Arizona.

"Territorial form of government as recommended by the Hawaiian commission and as provided for in a measure now pending in congress."

Some weeks will elapse before the president settles down to the actual preparation of his message, but he has returned from his vacation with some well defined views as to the difficult problems which confront him, and will immediately commence discussions of details with the members of the cabinet.

It has been generally supposed that with the war still in progress in the Philippines, the president would avoid committing himself to the recommendations for the future government of the islands, but such will probably not be the case. His Pittsburg speech leaves no room to doubt that he will insist upon permanent American control of the Philippines. To this extent he has come out squarely and thrown down the gauntlet to the antiexpansionists.

Mr. McKinley not only favors this permanent control, but is prepared with all the forces at his command to fight for it. But to avoid the charge of militarism, and that is his reason for making the recommendation, he proposes outlining a plan to congress for substituting a civil form of government for the military, the moment peace is obtained and the complete supremacy of the United States is established. Future discussions with his cabinet may change somewhat the president's views as to the form of civil government best suited to meet the situation, but at present the commission idea predominates.

FOLLOWED HIS FIANCEE.

Could Not Stand the Shock of His Sweet-heart's Death.

Coffeyville, Kas., Sept. 4.—Albert Ball has followed his murdered fiancee to the grave. Ball and the sister of Joe Martin were in love with each other, and though the girl was only 15 years old, they had decided on an early marriage.

Joe Martin objected. His sister was unmoved by his protests, and in their little home on Big creek, in the Indian Territory, southeast of here, he killed the girl in order to prevent the marriage. Martin kicked his sister to death.

The sororicide fled. Ball, the young lover, was sick in bed when the word was brought to him of his sweetheart's death. He collapsed and died soon afterward.

SACKS REUNITED.

They Are From South Africa and the Wife Is Rich.

Peoria, Ills., Sept. 4.—After a separation of 18 months, Mr. and Mrs. Alfred Sack of Cape Town, Africa, were reunited here. Mrs. Sack is a wealthy Jewess, her belongings being reputed at a round \$1,000,000.

Sack was a poor tailor, of Cape Town, and the two fell in love and were married. Mrs. Sack, in conversation with a policeman, said she lived with Sack but two weeks. It seems that Sack was too officious, and, according to her story, tried to manage her financial affairs, and she suspected he wanted to get hold of her wealth. They quarreled and Sack left the country. He stayed in Chicago several days with friends and then came to Peoria and boarded at the home of his uncle, Rev. Wolfbeller. It was a happy reunion and preparations are being made to return to their old home at Cape Town, where Mrs. Sack's parents reside.

Kimman was fatally shot at a charivari at Odeon. He was with a party of 36 young men who were making a racket for John W. Canaday and his bride, who was Miss Leslie Boyd. Not content with the noise of beating drums and pans, some one fired a revolver, the bullet penetrating Kimman's abdomen. Bert Jackson is accused of firing the shot.

Bean Pods Choke a Child.

St. Paul, Sept. 4.—The 2-year-old daughter of Louis Gilbert of this city met with a peculiar death. She was playing with a bean pod in her mouth when it slipped down and lodged in her windpipe. A physician was instantly called, but before his arrival the child died.

How Postal Cards Are Often Wasted.

"Women often send messages to their dressmakers or to dry goods shops on postal cards," says the September Ladies' Home Journal, "attaching a bit of cloth, ribbon or lace as samples. This makes the card 'unmailable,' so it is always sent to the dead-letter office and invariably destroyed. Men—presumably men—not infrequently waste a clever joke or a telling political fragment upon a postal and send it to a friend—at least, start; but it never arrives. Nothing may be attached to a postal card, nor may one word be written upon the address side except the address itself."

THE YELLOW FEVER.

Epidemic Declared at Key West, but the Disease is Mild.

Key West, Sept. 4.—Much of the excitement which so naturally followed the announcement that yellow fever had broken out here has subsided, due largely to the fact that the type of the disease seems to be quite mild. The announcement that an epidemic had been declared, did not add greatly to the alarm.

Every precaution is being taken to confine the disease to Key West. Two ships have been employed to patrol the harbor, and no vessel is allowed to leave port without the proper certificate. Dr. Porter, state health officer, arrived on the Mascotte, and is busy ascertaining the situation.

The steamer Lampasas has sailed for New York, carrying nearly 100 passengers, mostly unacclimated persons who have been encouraged to leave.

Up to date 30 cases have been reported and but three deaths.

No New Cases.

New Orleans, Sept. 4.—The fever situation here is briefly outlined in the telegram which President Southerland of the Louisiana board of health sent to Health Officer Blunt of Texas. It reads: "Alabama has not quarantined against freight. Will you not do likewise? No new cases here in the last three days. Come and see for yourself. Wire when you come."

Yellow Fever at Hampton.

Washington, Sept. 4.—Two telegrams received by Surgeon General Wyman of the marine hospital service from the National Soldiers' Home at Hampton, where there were recently many cases of yellow fever, shows that the conditions there are very favorable. There are about 400 men in the tents which are now used temporarily for hospital purposes.

Agreed To.

London, Sept. 4.—A dispatch from Johannesburg to Reuters' agency definitely announces the reply of the Transvaal Republic to the British communication, and agrees in principle to the conference at Capetown.

M. Paken, editor of the Transvaal Leader, was released under \$500 bail and had the charges against him reduced from treason to violation of the press laws.

Farmer Falls Heir to \$50,000.

Carthage, Mo., Sept. 4.—Norris Loyd, a farmer of this county, has received the news that he has fallen heir to a \$50,000 estate at Noblesville, Ind. Mr. Norris and his wife have turned their Missouri farm over to their son-in-law, and will leave immediately to claim their fortune in Indiana.

Calcasieu Parish's Wealth.

Lake Charles, La., Sept. 4.—Parish Assessor W. E. Perkins has compiled the assessment rolls for 1899 for the Parish of Calcasieu. The total assessment foots up \$9,323,745, showing an increase of \$1,350,650 over last year. This makes Calcasieu the banner parish of the state, outside of Orleans parish.

No Developments.

New Orleans, Sept. 4.—No developments in the fever situation here. No new cases are reported by the board of health and the case on Enterpe street is practically well. Dr. Binnet wired from Texas that he could not come until the quarantine is fully established and is working order.

Iowa Pioneers Celebrate.

Eldora, Ia., Sept. 4.—Hardin county pioneers celebrated the fifteenth anniversary of the settlement of this county at Lacon Hill. Samuel Smith and his wife, who came here in 1850, are still living here.

Murder and Suicide.

Chicago, Sept. 4.—While mentally unbalanced Henry Emde, a carpenter, shot and killed his wife and fatally wounded his 5-year-old daughter. He then committed suicide by hanging himself in the kitchen in their home.

Burglars Rob a Postoffice.

Kankakee, Ill., Sept. 4.—The post office at Bradley, a suburb of Kankakee, was robbed. The safe was blown open with dynamite, the report of which was heard by the residents. Loss about \$1500.

Poisoned by Ice Cream.

A Miserly Joker Bilked.

Snaggerly, the grocer is not a generous man. On the contrary he has the reputation of being one of the most niggardly, close-fisted individuals that ever sanded sugar or swept the dead flies into the currants. Yet he dearly loves a joke at the expense of others and prides himself on being a wit in his own way. The other day Jamie Gray, the souter, stepped into Snaggerly's shop for a crack and while they were discussing the latest news, a wretchedly clad fellow, evidently a tramp by profession, entered and begged for assistance from the grocer.

"I canna help you, ma man," said Snaggerly. "You maun ask the maister, there he is," indicating Jamie with a nod and winking aside to his crony.

"Are ye really in want?" asked the souter, and of course the tramp answered in the affirmative.

"Then gie the pair man sax pence out o' the till," said Gray to the astonished Snaggerly, and walked out of the shop; and the tramp so menacingly insisted on the fulfillment of the master's instructions that Snaggerly reluctantly had to hand over the sixpence, the loss of the money effecting him quite as much as the laugh which the transaction raised against him in the village.—Weekly Telegraph.

SOUTH AFRICAN PANIC

War Indications Has Paralyzed All Business at Johannesburg.

PEOPLE DEPARTING.

If the Suspense Continues Two More Weeks the Country Will Be Ruined for Many Years to Come.

London, Sept. 4.—The Johannesburg correspondent of the Daily Mail, who paints a gloomy picture of the condition of things there, says:

It is almost a case of absolute exodus and panic. Business is paralyzed, the prices of food stuffs are rapidly rising, half the houses are empty and the others are tenanted by people who do not pay rent, the landlords being glad enough to have them as occupants to insure some sort of protection to their property.

The tension has reached the snapping point. Bankruptcy and starvation are staring people in the face. Another fortnight of suspense will result in a complete commercial collapse. The banks are thronged with people anxious to withdraw their gold and railways are besieged by those who wish to get away.

Rumor fixes the number of warrants issued at 147, including the representatives of all the leaders of the newspapers. Mr. Moneybags, editor of the Star, it is reported, has evaded the detectives sent to arrest him and has succeeded in crossing the border.

The correspondent of the Daily Mail at Pietermaritzburg, the capital of Natal, says:

Things have reached such a pass that war is considered unavoidable and the impression is that the crash will come within a few days. The situation at Johannesburg is most anxious. The traders are unwilling to order any large quantities of stores, through fear of being contrabanded. Thus thousands will risk starvation in the event of war, when the railways will be cut.

Policeman Killed.

New York, Sept. 4.—Policeman Patrick O'Keefe was shot through the head and chest by Michael Farrelli in Farrelli's saloon, a notorious dive. O'Keefe will die. Farrelli was placed under arrest after a long chase and a desperate fight, in which he made further efforts to do murder. A mob of several thousand people gathered after the shooting and made a determined effort to lynch the Italian.

Texas Cattleman Weds.

Kansas City, Sept. 4.—John I. Clare, a wealthy cattleman of San Antonio, Texas, and Mrs. Budd, of Riverside, Cal., were united in marriage here and left for San Francisco on their honeymoon. Mrs. Clare is said to be a millionaire in her own name, possessing large holdings in orange groves and realty in Riverside.

Six Bulls Butchered.

Boulogne, Sept. 4.—Another bull fight took place here Sunday afternoon, at least a third of the spectators being English. Six bulls were butchered and the spectacle described as "extremely degrading." Matador Llavertito was tossed and badly lacerated in the thigh, but he continued the fight and killed the bull.

Unveiled a Monument.

Bryan, Tex., Sept. 4.—The Bryan Woodmen of the World Sunday unveiled a monument over the grave of Sovereign W. A. Johnson at Alexander chapel, near Bryan. An address was delivered by Judge John W. Doremus of this city.

Not Asked to Be Relieved.

Washington, Sept. 4.—The statement that Rear Admiral Watson, who is commanding the naval forces at Manila, has asked to be relieved of his command because of ill health, is denied in official circles here.

Thirty-eight Buildings Burned.

Bay City, Mich., Sept. 4.—A fire at Pinconning, a village, destroyed 13 business houses and 25 dwellings. The loss is estimated at \$75,000, with small insurance.

Saloon Brawl.

Warren H. Conning Dead.

Cleveland, Sept. 4.—Warren H. Conning, who has for a number of years been prominently identified with the distilling interests, died here from the effects of a surgical operation.

Accidentally Killed His Child.

Pope Sophronius Dead.

Alexandria, Sept. 4.—His holiness, Pope Sophronius, patriarch of the Orthodox Greek church of Alexandria, Ethiopia, and all Egypt, died here, aged 103.

SHORT ON RATIONS.

According to Escaped Spaniards Filipinos Need Provisions and Arms.

Manila, Sept. 4.—Many Spanish prisoners are escaping from the Filipinos and bringing into the American lines stories of hard treatment. They agree that the Filipinos are exceedingly short of rations and that a large section of their troops are reduced to the use of homemade black powder.

The natives are trying every scheme to get food and munitions from Manila. Daily arrests are made for attempts to smuggle contraband of war through the American lines. In one case a canoe with a cargo of bamboo poles was overhauled and the poles were found full of rice.

A force of native police has begun to patrol the city of Manila, cooperating with the provost guard, whose lack of knowledge of the language and the resorts of native criminals had given many opportunities for burglary, an industry which has been flourishing of late. The new force includes many members of the old force and some are insurgents who had grown tired of fighting. It has already done good work in running down native criminals.

The American secret service recently found a Filipino spy in Calamba. He was badly wounded in trying to escape and died after jumping from the stretcher and trying to run.

General Bates will establish posts at Zamboanga and the islands of Tamtamo, Jolo and Bonga.

The Kansas regiment embarked on the United States transport Tartar and sailed for home.

FIRES IN ARKANSAS.

Much Damage Done in Calhoun County by Forest Fires.

Little Rock, Sept. 4.—Disastrous forest fires are raging in the southern part of Calhoun county. Already great damage has been done and unless rain comes soon, the loss will be incalculable. Farmers are working night and day to save their property, and many have become sick from exhaustion. Several have been prostrated from heat while fighting fire. The fires have devastated a large area in the Onachita valley and thousands of head of stock have been driven from their pasturage. The loss to stockmen is very heavy. A large number of men have been making and cording up staves in the jungles and much of their property has been burned.

GAMBLERS ROBBED.

Two Men Hold up Fifteen and Take All Money in Sight.

Spokane, Wash., Sept. 4.—Two masked men walked into Harry Green's gambling rooms on the second floor of a block in the very heart of the business district Sunday, and held up 15 men, looted the tills and safe and escaped with \$1900 in cash and bills.

In the chase and subsequent capture of one of the thugs, Policeman Gemmrig was shot in the groin and perhaps fatally wounded.

Crazy Mexican Causes a Panic.

El Paso, Tex., Sept. 4.—A crazy Mexican armed with a spear created a panic on the country roads east of town. He killed a burro and gave chase to a woman riding a bicycle, but she was too swift for him and escaped. Persons afoot and in vehicles scattered in all directions at his approach. He made his way to the city, where he was overpowered and disarmed by two officers.

Attempted Murder.

Beaumont, Tex., Sept. 4.—An attempt was made Thursday to kill Robert U. Cooper and Will Stultz, campers at the mouth of the Neches river. A shotgun was used. Cooper has 100 wounds and may die. Stultz is not so badly wounded. The man who did the shooting escaped. The object was robbery.

Popped by the Heat.

Bryan, Tex., Sept. 4.—Captain Robert Hudspeeth, one of the best known and most reliable men in the county, was in town and showed two ears of popcorn, a number of grains on each of which were popped by the extreme heat of the sun, while the corn was still in the shuck and on the stalk.

EQUAL WAGES UNION.

It Is to Be an "Entirely Educational and Philanthropic Organization."

Chicago, Sept. 4.—A special from Kansas City says that a petition has been filed in the circuit court for a pro forma decree of incorporation of the American Equal Wage union. This is an entirely educational and philanthropic organization. Its officers are: President, Richard D. Kaltherns; secretary, Arthur S. Lyman; treasurer, Robert S. Owen.

The headquarters are in Kansas City, and it is expected that other lodges will be formed all over the United States. One of the organizers said:

"The object of the organization is to do away with woman labor as much as possible. In all departments of commerce and industries generally, women have to ascertain the extent in taking the place of men in some occupation. The trouble is that they are not paid the same wages of men and they keep men who are at the head of families out of good positions. We do not object to women working, but we are opposed to their taking the places of men for half and often a third of the wages that would be paid to a man for same work. We will work to have all persons paid equal wages for equal work."

TO FIGHT BEEF TRUST.

Retail Butchers Will Lock Horns With That Organization.

New York Sept. 4.—There has been no abandonment by the retail butchers of Manhattan of their intention to fight the beef trust. Louis J. Wagner president of the Greater New York Retail Butcher's association, says:

"We are arranging for a national movement on the part of the retail butchers to fight the trust. This will be affected through the National Retail Butcher's Mutual Protective association which has members in every city in the United States and which has, therefore, much influence and can command large capital. It is splendidly organized and will not be at all afraid to try issues with the beef trust when the proper time comes."

"We are now considering the question of buying a large slaughter house plant in Kansas City, one of the largest and most successful establishments of the kind in the west."

"How much will it cost to acquire the property?"

"In round figures about \$2,500,000."

CABINET MEETING.

A Session to Be Held to Discuss Current Matters.

Washington, Sept. 4.—President McKinley has notified the members of the cabinet that there will be a cabinet meeting in the White House to discuss current business. The session will be important because of the subjects to be considered. It will be attended by Secretary of State Hay, Secretary of the Interior Hitchcock, Secretary of the Treasury Gage, Secretary of Agriculture Wilson and possibly Attorney General Griggs. If Secretary Root is here he will also take part.

It is understood that President McKinley will lay before the cabinet the views of Prof. Schurman, president of the Philippines commission and those of his colleagues, regarding the situation in the islands, the steps to be taken to crush the insurrection and the character of the civil government to be established after the revolt has been quelled.

Prof. Schurman, president of the peace commission, is understood to favor this kind of control, and a historical paper prepared for the president showing that the United States has frequently adopted this mode of control of new territory in a transitory state has deeply impressed members of the administration. It is expected it will be some years before the islands are ripe for even a territorial form of government, such as is proposed for Porto Rico, so that control by commissioners, much the same as in the District of Columbia, is deemed a happy substitute for a military government, and a safe and simple means of control preliminary to the establishment of a territorial form of government, while it may be possible to give the natives generally the right of suffrage.

The plan under consideration contemplates three commissioners, one an army officer to have charge of fiscal affairs, another a naval officer, to have control of customs and the third a leading Filipino of legal experience, to look after the judiciary; all three to be appointed by the president and confirmed by the senate. Further details contemplate giving the Filipinos a voice in all municipal affairs and the most liberal self government possible.

Industrial Convention.

Huntsville, Ala., Sept. 4.—The board of managers of the Southern Industrial convention to be held at this place from Oct. 10 to 14, inclusive, have arranged a programme for five days, during which the governors of Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North and South Carolina, Tennessee, Virginia and West Virginia will, if expectations fall not, deliver addresses. Two sessions will be held each day. The subject "Resources and Industrial Advantages" will be discussed at various times during the convention in five minute speeches by the several governors. Other important industrial matters will be discussed by prominent men from all parts of the United States.

Death of Colonel Wall.
